The training unit "SME business development" was very interesting for
 The training unit "Running a family business" was very interesting for
 The training unit "Business plan creation" was very interesting for me
 The training unit "Social media marketing plans and tools" was very
 The training unit "Innovation management" was very interesting for me
 The training unit "International competition" was very interesting for me
 The training unit "Patent information" was very interesting for me
 The training unit "Management techniques - Use of business and
 The training unit "How to be competitive - marketing skills and
 I think using an online platform is an effective way to learn something
 I like to learn something new about entrepreneurship
 I am currently running a family business
 I enjoyed the experience of the @EUAGORA online environment
 I actively participated in the 'Biz-e-bee' game.
 The training material was clear to me
 The navigation structure of the platform was clear to me

MARK 3 --> You liked about the @EUAGORA' training	Design of platform	Training material selection	Presentation of training material	Ability to discuss with trainers through the discussion forum	Multilingual content – i.e. learning in your own language	Knowing that you are training with other people from different countries
---	--------------------	-----------------------------	-----------------------------------	---	---	--

Training help you to improve what? Rate on a scale from 1-->not at all 3--> very much	Running a family business	Building a business plan	Learn for IPR and patents	Social media selection for marketing	General marketing knowledge	IPR and patents	General knowledge about entrepreneurship	Management techniques
---	---------------------------	--------------------------	---------------------------	--------------------------------------	-----------------------------	-----------------	--	-----------------------

If there's one thing I could change about the @EUAGORA, it would be:	The training material	Access to the training material online	Trainer support	The training platform	other Please specify:
--	-----------------------	--	-----------------	-----------------------	----------------------------
